### Report of the Williams Creek Grand Jury.

The undersigned, comprising the first Grand Jury ever convened on Williams Creek, beg leave to present the following report to the honorable Supreme Court of British Columbia.

The Grand Jury heartily reciprocate your Lordship's expressions in regard to the pacific character of the present population of Cariboo, and trust here may never be occasion for other than similar congratulations. It has been the custom of Grand Juries from time immemorable to embody in their reports, as the result of their investigations, such suggestions as might in their opinion be beneficial to the entire community, and conducive to their welfare. Emboldened by this custom, and more particularly by your Lordship's recommendation, we shall trespass upon the time and patience of the honorable Court with the following report:

ANOTHER MAGISTRATE REQUIRED.

In the first place we would call your Lordship's attention to the fact that at present there is only one Magistrate and Gold Commissioner in this district, extending over 100 miles; and we would respectfully suggest the impossibility of one magistrate attending to so large an extent of country. It is our opinion that the creek alone during the next season will require a resident Commissioner; and we would also suggest that a Magistrate should be appointed to reside permanently at the Forks of Quesnelle—his district extending to (but not including) Antler Creek.

POLICE FORCE.

We would also call attention to the present inefficient state of the police force of this district. Our present force consists of but one chief constable and two deputies—a force, we believe, totally inadequate to perform the duties required in a community like this. We further consider that the salary of a constable in this district—$100 per month and some small allowance while absent from the headquarters of the district—is not sufficient when we consider the importance of the position. We would also urge the immediate necessity for the erection of a jail on this creek, there being at present no place of safety where criminals can be secured to await their trial.

JURISDICTION OF THE COURTS.

The jurisdiction of Trustees of the Peace should be increased in civil dispute from £10 to £25. It is obvious that the charge will not only serve to economize time and money, but enable many now debarred by the length of time which must necessarily intervene between the sittings of the higher court to avail themselves of the law. In matters connected with mining interests—a subject to be approached with great delicacy in a body of this character, as we are not delegated by the mining portion of the community to speak for them—there are several changes of an important character, which will require immediate attention, and which will doubtless receive their hearty co-operation.

THE GOLD ESCORT

Which last year proved, as many predicted it would, a failure—not from want of confidence in the parties connected therewith, (for these formed the only redeeming feature) but owing to the entire lack of security—neither acting with the responsibility of common carriers, nor, as in Australia, as guaranteeing agents of the government. We would now most respectfully suggest, and we now urgently recommend, from the recent horrible tragedy enacted on the trail, that a Gold Escort be established by the Government, whose duties, aside from the conveyance of gold, shall also embody those of mail-carriers and mounted policemen; the Government to issue receipts with or without security, optional with parties sending treasure—the charges to be regulated accordingly. And we would unhesitatingly assert that not only would such a step prove of incalculable benefit and protection to the community, but also a source of profit to the Government. This subject, though all important, we must leave to your Lordship's most earnest consideration; and we pass on to the

POSTAL ARRANGEMENT OF BRITISH COLUMBIA.

By the present postal service letters and papers are brought to Antler instead of Williams Creek, at a charge of four shillings each to the first named place and an additional four shillings to the latter—whilst newspaper postage, which in all other countries furnishes but a moiety of the postal revenue, is here made to amount to a prohibitory duty; indeed, we have actually to pay more for our papers and letters than before Government went to the expense of establishing a postal system for this upper country—thus virtually depriving the Colony of all the advantages that would accrue from the dissemination of information of its inexhaustible wealth and resources.

We would also call your Lordship's attention to the necessity of selecting a town site on Williams Creek, which shall not be liable to be claimed for mining purposes. The richness of the gold mines on this Creek, and the permanence which they now promise, demand, in the opinion of the Jury, the selection of such a reservation. In this connection, and as a slight recognition of the integrity and valuable services rendered this community by the present Assistant Gold Commissioner, Hon. T. Elwyn, whose capacity in so readily framing a system by which the disputes between miners are settled, and justice dispensed without delay or unnecessary expense to the litigants, is recognized and appreciated—we would respectfully suggest that the name of said town be "Elwyn," which latter suggestion the Grand Jury most pressingly urge, feeling as they do, that they but echo the sentiments of all to whom our worthy Commissioner is known.

We would also call your Lordship's attention to the wants of the miners as well as the Gold Commissioner, in regard to the correct measurement and definition of the lines of tunnels, shafts, and claims, by a competent person who shall act as Crown Surveyor, whose duty it shall be to act whenever called upon by either the magistrate or miners to decide a line or prevent encroachments, the office to be a self-supporting one—which beyond a doubt it would—and the benefits thus conferred would be incalculable, as well to the magistrate in the satisfactory adjudication of intricate questions, as to the claimants in their respective rights; this officer, or one with equal power should at once be appointed, to serve during the ensuing winter season, when so many claim owners will be necessarily absent from their claims.

ROADS.

In consequence of the wretched state of the roads in this vicinity, prices of provisions have been enhanced enormously, the cost of freight from Antler, to Williams Creek a distance of ten miles, being from 10 to 12½c. per pound, and from the Forks of Quesnelle, to Williams Creek, a distance of 55 miles, the cost of freight this season has been from 28 to 35c. per pound, whilst it is well known, that from Yale to Lytton, a distance of 60 miles the cost of freight averages, about 6c. per pound, the importance to the country, of cheaper provisions, needs no word of enlargement, and in the judgement of the Grand Jury, imperatively demands that the earliest attention be given to the survey, and construction of good trails in this part of the country, we therefore respectfully suggest that the Government be requested to detail a party of Royal Engineers for the purposes mentioned.

CARRYING DANGEROUS WEAPONS.

We would also suggest the importance of enacting—or if enacted,—of enforcing laws forbiding the carrying of deadly weapons, except for protection whilst traveling, but on no other pretext should it be lawful for persons sojourning or living in any of the towns, or mining camps to carry such weapons. It needs no argument to convince your lordships, and one need only to cite a recent occurrence wherein our townsman Mr. S. A. Smith, was nearly deprived of his life; To prove that great danger is to be apprehended from pistols and knives, in the hands of desperate, excited, and more especially drunken men. Your lordship very properly adverted to the seeming inattention or ignorance, of so many minds to the laws which govern them; Whilst we admit this—we cannot refrain from alluding to the imperfections, and important omission in the "Gold Field Acts;" In passing we may only notice that hill claims in our opinion should be enlarged, (without interfering with the rights of present owners) running from the base to the summit; The right to hold by purchase more properly defined; claims to be recognized as property, so that a mortgage will be valid, and the mortgagee compelled to observe such an instrument, at least for the space of one year, or until the expiration of the crown lease.

The claims of deceased miners should be recognized by the law and practice for heirs and assigns or creditors. The rights of ditch owners and the laws on this important subject should be made more explicit. Mining being different from business copartnerships should be regulated with certain forms and respective obligations.

A hospital or some provision for the indigent sick should without delay receive the earnest consideration of government. There are many other matters connected with the welfare of this community which, though not exactly in our province, might with profit be mentioned, but the length of this report compels us to close.

Assuring your Lordship of our appreciation of the laws and offices of the colony and the manner of their administration, we submit with our respectful consideration of your Lordships high qualifications, this, our report.

Signed in behalf of the Grand Jury,
JOHN KURTZ, Foreman.

### Settlement between the Hudson Bay Company and the Imperial Government about the Town Site, etc.

Thanks to the City Council, we are put in possession of a document showing how the Imperial Government have settled the town site dispute. Had our City Fathers not made an effort to obtain some town property, possibly we should never have known why the question was withdrawn from before the Privy Council, or what had become of it. But to the discredit of the Assemblymen, the question has remained undisturbed. Before Mr. Harris left the House, the correspondence was to be submitted; but it has never yet been done. The Government don't appear to be the least afraid of Messrs. Foster, Trimble, Ring, or Cocker. Neither one nor the other have opened their lips on the subject. When the Civic Seven however, asked for the document, it was promptly sent, showing what a few independent men can do to make Gov. Douglas and the Provincial Secretary sensible of the existence of another power in the State. The indenture arrived here in March, but it never saw light till the other night. There is a sum of half a million of dollars involved, yet it was too small a sum for honest Assemblymen to prate about. We publish the document entire for the information of our readers. They will observe that the right of the Hudson Bay Company to the town-site is ignored. The lands on the other side of James Bay which are unsold, are given over to the Colony. That fixes the principle that we have always contended for, that nine-tenths of the total proceeds of lot sales should go into the Land Fund, and the other tenth to the Company as their commssion. Still the concession made to the Company smack strongly of its skilful engineering. No one can read the documeut without perceiving that our local government have allowed the Company to obtain that to which they had no legal claim. We have not the space to enter at large upon the subject now. But one point deserves to be laid before the public. It is: The Imperial Government covenants to respect all titles made before the first of January, 1862. Now we are aware that bogus claims are set up to land on the other side of James' Bay. Land worth $500 an acre is declared now to be owned by so-and-so that since January was said not to be owned by so-and-so. Let the public watch the schemers, for if nine-tenths of the proceeds are wrongfully taken away, it does seem a little hard that the other tenth should mysteriously disappear in a somewhat similar way.

### Settlement of the Town-Site Claim of the Company.

The following is a copy of a document recently laid before the City Council by the Provincial Secretary, which purports to be the conditions on which Her Majesty and the Hudson Bay Company settled the dispute about the Town-Site of Victoria, etc.

This Indenture made this third day of February one thousand eight hundred and sixty-two, between Her Most Gracious Majesty Queen Victoria of the one part, and the Governor and Company of adventurers of England trading into Hudson's Bay, hereinafter called "The Company" of the part.

Whereas, previous to January one thousand eight hundred and forty-nine, the Company had occupied certain portions of land in Victoria District in Vancouver Island, for the purposes of carrying on their trading operations under their Royal Charter, dated the second day of May, in the twenty-second year of the reign of His late Majesty Charles the Second.

And whereas by Letters Patent dated the thirteenth day of January, one thousand eight hundred and forty-nine, Her said Majesty Queen Victoria was pleased to grant unto the said Company and their Successors the said Vancouver Island, upon the condition and for the purpose of colonizing the same as therein mentioned. Reserving nevertheless to Her said Majesty, Her Heirs and Successors full power to repurchase and take from the said Company, subject to the porvisions therein contained, the said Island upon the expiration of a certain License granted to the said Company for the exclusive privilege of trading with the Indians, which License has since come to an end.

And whereas certain questions have arisen between the Crown and the Company respecting the right of the said Company to deal with or hold as their private property the portions of land in the said Island so occupied by them as aforesaid before the date of the said Royal Grant of January one thousand eight hundred and forty-nine.

And whereas in order to settle and put an end to all such questions, the said parties hereto have mutually agreed to accept as conclusive the arrangement by way of compromise hereinafter contained.

Now this indenture witnesseth, and it is mutually agreed between the said parties hereto, as follows:

1. That all sales made by the said Company previous to the first day of January, one thousand eight hundred and sixty-two, of any portions of the land so occupied by them in the Victoria District as aforesaid, before the thirteenth day of January, one thousand eight hundred and forty-nine, including water frontages and the spaces between high and low water mark abutting on such portions of land, shall be valid and effectual as against Her said Majesty, Her Heirs and Successors.

2. That the Company shall retain for their own use and benefit the proceeds and purchase monies of all lands so sold by them, as aforesaid.

3. That the said Company shall, without purchase, retain and hold to them and their successors, for their own use and benefit, the following farm lands and hereditaments situate in the said Victoria District, in the said Island, that is to say, the farm known as the "Uplands Farm," being Reserve marked No. 2, Lot 31, and Section 31, on the official plan of the said Victoria District, and containing about one thousand one hundred and forty-four acres. The farm known as the "North Dairy Farm," being Reserve marked No. 3, Lot 32, and Section 32, on the said plan, and containing about seven hundred and twenty-four acres; the old spring and adjoining land, except one well set apart for the public use, as marked in the Company's plan; and lastly, the portion of the land in the said District known as the Fort Property, including the site of the Fort and the adjoining ground yet unsold, with the water frontage and foreshore immediately in front of the Fort, and now being in the possession of the said Company; save and except therefrom the unsold portion of the water frontage reserved for the use of the Harbormaster, being lot —— in the said last mentioned Plan, and situated at the foot of Fort street in the Town of Victoria, and measuring about fifty feet in width; and save also and except the site of the Police Barrack and Yard, and the site and building (No. —— on the said Plan) now occupied as a Postoffice.

4. That the said last mentioned excepted site and water frontage reserved for the Harbormaster, and also the site of the Police Barrack and Yard, and the building and site occupied as a Postoffice, shall be forthwith conveyed and surrendered by the said Company unto and to the use of Her Majesty, Her Heirs, and Successors. Provided always, that if the Postoffice or any part thereof shall be found to stand on a portion of two lots as marked in the said official Plan, the whole of both lots shall be conveyed and surrendered to Her said Majesty, Her Heirs, and Successors.

5. That the whole of the remaining unsold lands in the said Victoria district lying to the south and west of James' Bay, including the site of the new Government buildings, as far as the old fence in the rear thereof, dividing it from a farm known as "Bexley" "Beckney," or "Dutnells Farm," shall be forthwith conveyed and surrendered by the company unto, and to the use of Her Majesty, Her Heirs and Successors, save and except the site of the farm buildings and garden of the said Beckney, or Dutnells farm, which with so much of the enclosed, or immediately adjoining unsold land to the south thereof, as will with the sites of the said buildings, and garden, amount in the whole to an area, not exceeding fifty acres exclusive of roads, shall be retained, and held without purchase by the said company, and their successors. Provided nevertheless that the selection of such last mentioned land, shall within eighteen calendar months from the date hereof be arranged and concluded between the Governor of the colony on the one hand, and the company's representative there on the other, in such manner that the fifty acres to be selected shall not interfere with the existing plans for laying out the locality, or with the roads and streets already laid down or to be laid down.

6.—That there shall also be forthwith conveyed and surrendered by the said company to Her Majesty, her heirs, successors and assigns, the reserves for the public park, the school, church and burying grounnd, containing in all about two hundred acres, except such portions thereof, as may have been already sold, which are to remain as regards the Crown in the undistarbed possession of the purchasers thereof.

In witness whereof, we, Thomas William Clinton Murdoch and Stephen Walcott, Her Majesty's Emigration Commissioners, have hereunto set our hands and seals, for, and on behalf of Her Majesty, and the said Governor, and company of adventurers of England, trading into Hudson's Bay, have caused their corporate seal to be hereunto affixed the day and year first above written.

Signed, sealed, and delivered by the above named Thomas William Clinton Murdoch, and Stephen Walcott, in the presence of (Sd.) Christ. Timmer Cartwright, 8 Park street, Westminster. (Sd.) T. W. C. Murdoch. [L. S.] (Sd.) S. Walcott. [L. S.]

The Corporate Seal of the above named Company was hereunto affixed in the presence of (Sd.) W. G. Smith, Hudson Bay House, London. By order of the Governor, Deputy Governor, and Committee of the said Company. [L. S.] (Sd.) Thomas Fraser, Secretary.

# THE BRITISH COLONIST

Friday Morning, Oct. 17, 1862.

## Arrival of a Party of Overlanders from Minnesota.

From William L. Copland and E. Page Davis, of St. Peter, Minnesota, who arrived with some others in this city on Wednesday night, we learn of the successful trip of another party of overlanders by way of Fort Garry. The above gentlemen and seven others, having four wagons with mules, left St. Paul's on the 10th of May, and arrived at Fort Garry June 7th, where they were joined by others, who made the party 23 strong. They left the Fort on June 10th, and followed the trail taken by the party of Canadians whose crossing we chronicled a couple of weeks ago. The journey on the east of the Mountains was marked by no incident of any note. The party prospected on the Saskatchawan opposite Fort Edmondton, but found only the color of gold. At Fort Edmondton they sold and traded their wagons for horses, and here they were joined by Mr. Coggswell, of Detroit, and Mr. Morrow, of Montreal, and another person. After leaving Edmondton, up to Tete Jaune Cache, the road as a general thing was very hard on the animals on account of swamps and fallen timber. Feed for the animals, however, was good until within a couple of days from the Cache. At the latter place they found some fifteen of the previous party of Canadians. Our informants arrived at the Cache on Sept. 8th, and remained four or five days. While they were there parties were continually coming in after them; most of them out of provisions. Among the arrivals were Mr. Hind, brother of Professor Hind, of Toronto, and Redgraves, from the same city, who came over with the large Canadian party as mentioned in our columns a short time ago. The woman and three children had started with a large party to cross the mountains to Thompson River some fourteen days before the arrival of our informants, and ten days after them another party of thirteen with their horses set out on the same route. The lateness of the season and absence of civilization will, we fear, render this passage a rather hazardous one. The party to which our informants belonged sent two of their number on the same trail with their horses and mules. The remainder of them came down the Fraser in canoes. When they were two days down they were rather startled one afternoon by hearing a shout from the river bank, and on looking up they beheld a white man, who seemed half frantic with excitement. Nearing the shore they found he was dressed only in shirt and drawers. He informed them that his name was Gauley, and was from Canada. He had belonged to the Canadian party, but while coming down the river had a dispute with his son and left the canoe. His son having gone on, he set to work and made a canoe for himself, in which he started to come down. Unfortunately, however, the canoe was upset and everything lost—he himself was saved by swimming to shore. When he was met he had been for 24 hours without any food but berries, and was endeavoring to make himself a raft with an old tomahawk he had picked up. He was brought down by our informants to the mouth of Quesnelle River, where he met his son.

Messrs. Copland and Davis desire to bear testimony as to the kind manner in which they were treated by the H. B. Co.'s officers during the passage over the plains.

PEACE RIVER.—Messrs. Copland and Davis have brought down some interesting news from Peace River, which they gleaned at the mouth of the Quesnelle from one Mr. Bridges, from Portland, Oregon. The latter, and a party of seven others, not being quite satisfied with their luck in Cariboo, determined to strike for the Peace River. Accordingly, having built themselves canoes and laid in the necessary provisions and stores, they left Cariboo about the first of July, last, descending Bear River to the Fraser, and thence down the Fraser to Fort George. From Fort George they went up the Stuart River to the head of Stuart Lake, and then they packed across a portage of 120 miles to the head waters of Peace River, at McLeod's Fort. This portage they made in five days. Descending the river in canoes, after two days they came upon the diggings, where they met another party of men at work. The latter, upon being requested, would neither lend a rocker nor an axe, and even refused to assist Mr. Bridge's party with provisions, although the latter were in want of them. Fortunately, however, they shot a large bear, which served them for food. During the four days that Mr. Bridges remained there, his party made from $20 to $30 a day to the hand on the river bar. Leaving six of his party behind him, he and the remaining one returned for provisions, quicksilver, and tools, to Fort Alexandria. Our informants met him at the mouth of the Quesnelle about the 1st October, going back to the diggings, when he had about a year's supply of provisions which he was taking up the Fraser in one of the H. B. Co.'s boats. He stated that he had made an arrangement to have all his stuff packed across the portage from Stuart's Lake on the Company's horses, some six or seven in number. Mr. Bridges, who is an experienced miner, describes the country at the diggings as having every appearance of a gold country, and says there were quite a number of bars on the river. Our informant saw him pay out some $700 in quicksilver gold for provisions, which Mr. Bridges told him he had got on Peace River. The portage from Stuart's Lake is described as rather boggy; but Mr. Bridges said there was a shorter road by way of Salmon River, which parties might take under the guidance of an Indian from Fort George.

COMPLIMENTARY BENEFIT.—Mr. Fred. W. Bell, the popular manager of the theatrical troupe, has been tendered a complimentary benefit by his company, which will come off to-night. Among the *artistes* who have offered their services for the benefit is Mr. John Wood, who will appear as David in the sensation drama of "The Phantom." Mr. Bell's efforts to establish a theatre on a permanent basis in this city entitles him to the cordial support of the public on this occasion, and we bespeak for him a full house.

CRICKET.—The match, England vs. her Colonies, will come off to-morrow; and it is to be hoped that the weather will continue fine, as this will be the best match of the season. The following are the names of the players: England—Layton, Balantyne, Tye, Howlett, Ellis, Hickman, Whittaker, Palmer, Holland, Green, Green. Colonies—Hamilton, Smith, Chisholm, Young, Howard, Richardson, Good, Hensley, Edwards, McMurty, Australia.

☞ The Eliza Anderson started for the Sound yesterday.

FROM CARIBOO.—By late arrivals from Cariboo we have the following intelligence. Our readers are aware of the contradictory character of the accounts from Lightening Creek during the summer. All doubt as to its extensive richness, may be said now to be at an end. The great draw-back has been the difficulty of working on account of the influx of water, through the loose gravel. However the proper mode of working the Creek is now better understood, and greater results may be expected for the future. The Creek is claimed for about six miles, two miles above Van Winkle, and four below. The majority of the rich claims as yet known are above the town. The Campbell claim is of course universally known. The Dutch claim however is thought by some to be richer. The sluicing is at present done in the bed of the creek for about 60 or 100 feet up, the creek is here some 200 feet wide, and pays all the way across. The diggins are not more than 15 feet deep, and will it is thought extend on each side in the banks. Some thirty hands were working upon the claim, when our informant left. It is said that the claim will turn out $30,000 clear, to each of the eight partners.

The claim known as the California claim, has lately begun to pay very well. It now ranks number one. Like most of the rich claims on Lightening, it is above the town, at last accounts, the owners were clapping on all hands to work it.

Another claim a little nearer Van Winkle has lately been found to pay well—some $2000 were taken out of a space of twelve feet square.

The prospects for hill claims are very favorable. None have paid well as yet, except the one opposite the California claim.

Anderson's Gulch, some five miles below Van Winkle, is the only gulch digging of any note struck this year. Claims on that were paying two ounces to the hand.

Besides the claims above mentioned there are a good many others, which, though paying, are not noted for big strikes, and consequently attract but little attention.

ALARM OF FIRE.—Last evening at 5½ o'clock, the truck bell struck off at a lively rate, and drew the firemen and a large crowd of citizens to the brick store occupied by Baker & Co. as a shoe warehouse, at the foot of Yates street. A great excitement was created; but it appeared, on investigation, that there was more cry than wool—or perhaps we should say, more gass than fire. It appears that the gassmen had extended the service pipe from the street-main into Baker & Co.'s store, and had removed a portion of the flooring, through which the end of the service-pipe, with a safety-cap upon it projected. By accident or design this cap was removed without the knowledge of the workmen; and one of their number, supposing all was right, went springing around the hole in the floor with a lighted candle, when the escaping gas ignited, and the flame flaring up scorched his face severely. The blaze from the burning gas set fire to the flooring, in the vicinity of the aperture, and the alarm resulted. The Hook and Ladder boys performed good service with their axes in taking up the floor, and the Deluge and Tiger Engines stretched their hose, but before they could bring a stream of water to bear on the flame, it was smothered by frequent and judicious applications of—mud. The damage resulting from the affair will reach $20.

BOONE HELM.—This man, who, it is alleged, bears a horrible reputation in California and other localities on the Pacific Coast, was brought before the Police Magistrate yesterday on a remand from Monday last. The prisoner (who is not a bad-looking man) was defended by Mr. Bishop, by whom it was urged that a prejudice had been created against him in the minds of residents, and that a subscription had been taken up to defray the costs of the prosecution. The Police officers present denied that any such arrangement existed so far as they were aware, and the Chief of Police swore that he was known as a bad character. The proprietor of the Adelphi Saloon testified that he had procured drinks there, and that when pay was requested, replied, "don't you know that I'm a desperate character?" Sergeant Blake said that people who knew the accused best were afraid of him. The Magistrate ordered Helm to find security to be of good behavior for the term of six months, himself in £50, and two securities in £20 each; in default, to suffer one month's imprisonment.

ALLEGED LARCENY.—A young man named James Fitzgerald, was arrested yesterday morning, while walking on Yates street, on a charge of stealing a watch and breastpin from a female known as Mary Sheldon, *alias* Slap-Jack Johnny, who resides on Broad street. The woman charges that the valuables were stolen from beneath her downy pillow while she slumbered in the arms of Morpheus. She also exhibits a swollen lip as the result of a contact with Fitzgerald's fists. The property was found on the accused, who claims that the fair one *pottatched* the same to him. The case will be heard to-day.

SERIOUS ACCIDENT.—Mr. R. Bishop, Esq., solicitor, was sadly injured last evening. He was assisting in rolling the Deluge Engine from the truck-house, and was proceeding with it down Bastion street, when the kingbolt of the apparatus broke and the tongue of the engine giving way beneath his weight, Mr. Bishop was precipitated the ground and was run over before the engine could be stopped. He was taken to his home in Douglas street, where his injuries, which are of a very serious nature, received proper medical attention.

THE SHIP CASES.—Yesterday the case of Passengers *vs.* the Ashmore, was decided in favor of the vessel—the magistrates holding that the agent for the charterers in Liverpool, and not the vessel, was liable for damages, for the reason that the ship was chartered "in gross" by said agent, whose duty it was to have seen that she was properly appointed before sailing. The Tynemouth case was laid over until this morning, when a decision will probably be rendered.

SOIREE.—The German Glee Club gave one of the pleasantest soirees at Music Hall, on Wednesday evening, ever held here. The enjoyment was general; the terpischorean exercises delightful; the vocal and instrumental music charming; and the supper *recherche*. The entertainment was kept up till the "wee small hours ayant the twa," and its successful result speaks volumes in favor of the ability of the members of the Club, who were present in full force.

AUCTIONS.—Mr. McCrea will hold a sale of groceries and provisions; also gold cased watches, at 11 o'clock this morning....At the same hour Mr. Backus will sell a wagon and harness, and a fine horse, guaranteed.

MORE CARIBOOITES.—The steamer Eliza Anderson, with 100 returning miners, and $50,000 in gold dust arrived at New Westminister yesterday evening.

ROWS.—There were numerous rows at the theatre last evening growing out of the too free use of the ardent. Three arrests were made by the police. Drunken men should not be allowed within the doors.

AT Messrs Franklin & Bro's land sale yesterday, lots brought the following low prices. Town lot 729 Chatham st. $375; Lot 564 James Bay $715: No, 547 do. $379: No. 1730 and 31 $410 each: No. 1106 $425: Nos. 1565, 6, 7, 8, $380 each: 710 Herald st. $350, 5 acres on Esquimalt road, near the Half Way House $1110: 5 acre lot adjoining $1050: 3rd 5 acre $1000.

WATER.—There is a good field here for an increase in the number of water-carts. Housekeepers have cause to grumble daily because of short supply. The demand will profitably employ at least half-a-dozen more carts; and if the old hands do not possess sufficient enterprise to increase their force, they deserve to lose the good thing which they have so long enjoyed. The wants of the public in the way of water should be better attended to.

☞ We understand the Agent of the Royal Mail Packet Company will be happy to afford an information in his power to passengers by the Company's boats, as to the mines of British Columbia, or other general local information, by applying at the office of the agency, at Macdonald & Co.'s, Bankers, Yates street. *

## MEDICAL.

**JAYNE'S EXPECTORANT.**

Thirty years of experience has demonstrated beyond the shadow of a doubt, that JAYNE'S EXPECTORANT excels every other remedy for the cure of

ASTHMA,
BRONCHITIS,
CONSUMPTION,
COUGHS AND COLDS,
CROUP AND WHOOPING COUGH,
SPITTING OF BLOOD,
AND ALL PULMONARY COMPLAINTS.

While many other Remedies have been lauded and extolled, and achieved a temporary reputation, JAYNE'S EXPECTORANT has continually increased in popularity until now there is scarcely an inhabitable part of the globe where it is not used and highly appreciated. The following are a few of the many Certificates received:

Rev. VALENTINE GRAY, of the Methodist Church, writes from Centerville, Pa.:

Having experienced the beneficial effects of your Family Medicines, I would give it as my opinion that they are the very best I ever had occasion to use, and most cheerfully recommend them to the afflicted. Your EXPECTORANT especially I have found to be a sure cure for COUGHS and COLDS.

Dr. W. W. WINTER, of Milledgeville, Ill., writes:

It is with great pleasure that I can recommend your EXPECTORANT to those suffering from Bronchial Affections, having used it with the most satisfactory results.

Mr. NATHAN PENNYPACKER, of Upper Uwchland, Chester county, Pa., says:

Having been afflicted with ASTHMA and BRONCHITIS, and the treatment of several skillful physicians proving of no avail, I commenced the use of your EXPECTORANT. After taking it for about three months I found myself entirely cured.

Rev. JOHN DOWLING, D. D., Pastor of the Berean Baptist Church, N. Y., writes:

I have long known the virtues of your EXPECTORANT, and frequently tested them on myself and family, when afflicted with COUGHS or COLDS. I believe it to be one of the best remedies ever discovered for these maladies.

Mr. READING DOTY, of Twenty Mile Stand, Warren county, Ohio, says:

Recently I had an attack of ASTHMA, the most distressing of all diseases, and yesterday afternoon, after taking a short ride, I returned home almost unable to breathe. Through the persuasion of my wife I was led to try your EXPECTORANT. The first dose gave instant relief, and after the fourth dose I enjoyed a refreshing sleep, and the next morning arose in better health than for two years past.

Rev. J. J. WALSH, Missionary of the Presb. Board at Futtegurh, Northern India, says:

Your EXPECTORANT was the means under Providence of curing a case of INCIPIENT CONSUMPTION, which had been pronounced incurable by competent medical men.

MAURICE SCHWARZ, of Concord, Wis., says:

When the WHOOPING COUGH prevailed to some extent at our place, the disease seemed to baffle our physicians. In various cases the EXPECTORANT was used, and it did not fail to cure.

JOHN NARRIMAN, Esq., of Stewartstown, N. H., writes:

Not long since, a child of mine had a very violent and distressing attack of CROUP, which must have proved fatal had not immediate relief been obtained. I commenced giving your EXPECTORANT, and within three-quarters of an hour the child had taken six teaspoonsful, breathed with perfect ease, a cure within that time having been effected.

Rev. RUFUS BABCOCK, D. D., formerly President of Waterville College, Maine, writes:

For more than a dozen years I have recommended Dr. D. JAYNE'S FAMILY MEDICINES, and especially the EXPECTORANT. I know that these medicines are highly esteemed and frequently prescribed by some of the most respectable of the regular practitioners of medicine; and I do not hesitate to commend them as a valuable addition to our *materia medica*, and a safe as well as eminently beneficial remedy for the diseased.

DAVID TURNER, of Cassville, Huntington county, Penn., writes:

My son, aged nineteen years, was confined to his bed for for three months, his disease being pronounced by the attending physician to be CONSUMPTION. Failing to obtain any relief from the treatment he had been undergoing, I procured for him JAYNE'S EXPECTORANT, and through its use he has been entirely restored to health.

Mr. JOAN HENRY, of Burlington, Bradford county, Penn sylvania, says:

For two years, my son was afflicted with a disease resembling CONSUMPTION, and during this period was unable to labor. Being finally induced to try your EXPECTORANT, he was completely cured after taking ten bottles, and he is now able to work every day.

Mr. PRESTON EWING, Laconte, Harrison county, Indiana, writes:

Being afflicted with BRONCHITIS for the space of three years, to such an extent that I was obliged to relinquish the teaching of Vocal Music, and failing to obtain any relief from the physicians whom I consulted, I gave the EXPECTORANT a trial. After using it for a few weeks I was very much relieved; and by its continued use my throat is now entirely clear of any disease.

☞ This EXPECTORANT, and *all* of DR. D. JAYNE'S FAMILY MEDICINES, are sold by CURTIS & MOORE and LANGLEY BROS., Victoria, from whom may also be obtained *gratis, Jayne's Medical Almanac and Guide to Health.* se15 -1m

## MEDICAL.

**THE WORLD'S FRIEND!**

**Holloway's Ointment.**

**A Cure for Piles and Fistulas.**

Inflammation of sensitive parts, piles, fistulæ, and such like painful diseases may be presently relieved, and ultimately cured, by the proper and diligent use of this cooling and healing Ointment, whose action should, in such cases, be assisted by judicious doses of Pills: ere many days have elapsed the anxious patient will experience a wonderful degree of ease from this treatment. They are equally suitable to both sexes, and all ages.

**Coughs, Colds, and Asthma.**

These complaints of the chest come on with alarming frequency. The Ointment should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms will gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient in chest complaints, none can be used with equal safety and certainty. Both Pills and Ointment are accompanied by very clear and simple directions for using them.

**A Man who refused to have his Leg off.**

*"From the Kilrush Advertiser, June 2nd, 1860."*

BENJAMIN COX, Esquire, Magistrate, said in the Board Room at Kilrush, that he knew a man who had been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he purchased at Ennis, Holloway's Pills and Ointment, for, as he said, it could not be worse with him. This man, said Mr. Cox, became by their use as sound and as healthy as any man in the room. These celebrated Pills and Ointment will cure any wound, sore, or ulcer, however long standing, if properly used according to the printed directions.

**Gout and Rheumatism.**

The essence of these diseases lie in the blood, which has, floating through each vessel, the pain-giving poison, which irritates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is rapidly purified by the use of the Pills The Ointment, when rubbed upon the skin, penetrates the system through the pores, acts in unison with the Pills, and soon effects a cure.

**Dropsy, Swollen Legs or Ankles.**

The various kinds of dropsies, whether windy or watery, arise from some obstruction to the free circulation though the blood vessels or lymphatics, or depend on the inflamed state of some secreting surface. Holloway's remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy however inveterate, can long resist. They regulate the proper flow of blood to every organ, and purify it likewise,—they filter out everything that is morbid or injurious,—they thoroughly regenerate every function, yet potent as they are for good, they are powerless for evil. They do not contain mercury or any noxious substances. They act safely and certainly.

**Bad Legs, Bad Breasts, and Old Ulcers.**

This invaluable Ointment was never known to fail in the cure of any wound, any sore, or any ulcer,—as can be proved by innumerable testimonials from persons who had been discharged from Hospitals as incurable, and yet by perseverance they have been made as sound as they were the day they were born, by this incomparable Ointment. For pimples, blotches, scald heads, and scorbutic humours, it is equally efficacious.

*Both the Ointment and Pills should be used in the following cases:*

| | | | |
|---|---|---|---|
| Bad Legs | Chiego-foot | Fistulas | Sore-throats |
| Bad Breasts | Chilblains | Gout | Skin-diseases |
| Burns | Chapped Hands | Glandular | Scurvy |
| Bunions | Corns (Soft) | Swellings | Sore-heads |
| Bite of Mosquitoes and Sand-Flies | Cancers | Lumbago | Tumours |
| | Contracted and Stiff Joints | Piles | Ulcers |
| Coco-bay Scalds | Elephantiasis | Rheumatism | Wounds |
| | | | Yaws |
| | | | Sore Nipples |

☞ There is a considerable saving by taking the larger sizes.

**Notice to the Public.**

SAINSEVAIN'S WINE BITTERS; OR California Vermouth.—These Bitters are obtaining a wide-spread celebrity in all parts of the State. It is sufficient evidence of their great merit to observe the large quantities shipped by our principal Wine Merchants to every part of the country

Sainsevain, however, like all other manufacturers of new and valuable articles, has to contend with unscrupulous parties, who are introducing a spurious mixture purporting to be his Wine Bitters, which noxious compounds are put up in the same style of bottles, labels, etc., so as to pass for the Sainsevain brand. We call attention to this fact so that our citizens may be upon their guard, and that when they ask for Sainsevain's Bitters, see that they get them. As pure Wine is destined to drive from use all alcoholic decoctions, so these Bitters will soon take the place of the adulterated preparations which now flood our market Those desiring a pure and agreeable tonic should try Sainsevain's Wine Bitters or California Vermouth.

We have appointed W. H. OLIVER, of Victoria, V. I., to be our Sole Agent for the British Possessions.
